CAMASC reserves the right to make changes to the program, registration or any other activity details at any time.

Revised 4/21/2011

CALIFORNIA ASSEMBLY BILL (AB) 1195

This activity is in compliance with California Assembly Bill 1195 which requires continuing medical education activities with patient care components to include curricula in the subjects of cultural and linguistic competency.

COMMERCIAL SUPPORT

This activity may be funded, in part, by grant and exhibit fees from commercial interests, in compliance with the Accreditation Council for Continuing Medical Education (ACCME) and the Institute for Medical Quality/ California Medical Association (IMQ/CMA) standards and guidelines. As of this brochure publishing, a complete listing of commercial supporters was not available. Detailed disclosures will be made in accordance to the accreditation standard and appropriate acknowledgment will be given to all supporters at this activity.

DISCLOSURE STATEMENT

As a CME provider accredited by IMQ/CMA, CAMASC must ensure balance, independence, objectivity and scientific rigor in its educational activities. Course Director(s), Planning Committee Members, Faculty, and all others who are in a position to control or deliver the content of this educational activity are required to disclose all relevant financial relationships with any commercial interest related to the subject matter of the educational activity. Safeguards against commercial bias have been put in place. Faculty will also disclose any off-label and/or investigative use of pharmaceuticals or instruments discussed in their presentation. Detailed disclosures will be made prior to the CME presentations and on course materials.

AMERICANS WITH DISABILITIES ACT

CAMASC complies with the Americans with Disabilities Act. Please contact our CME Administrator at 213-572-0631 or camasc@foundationpamc.org no later than Friday, May 13, 2011. Every reasonable effort will be made to accommodate your special needs.

CARE OF THE ELDERLY

A One-Day CME Activity

Sunday, May 22, 2011

8:30AM TO 4:15PM

The Westin Pasadena

191 North Los Robles Avenue
Pasadena, CA 91101

Topics:

- Pain Management in the Elderly
- Osteoarthritis: Diagnosis and Treatment in Older Patients
- Depression in Elderly Chinese Patients
- Dementia and Delirium in the Elderly
- Falls Risk Management and Gait Assessment

Made possible by a generous independent educational grant from the

CARE OF THE ELDERLY

PROGRAM OVERVIEW

In 2000, the California Assembly Bill (AB) 1820 was signed into law. The bill requires general internists and family physicians whose patient population consists of 25% or more patients at least 65 years of age to **complete at least 20 percent of their mandatory CME, or 10 CME hours for every two years of CME reporting, in the field of geriatric medicine.** In response to AB 1820 and to ensure physician members are continually receiving the most updated information and training in geriatric care, CAMASC has conducted an educational needs survey among its physician members and, through gap analysis research, identified the following five topics to be addressed*:

- Pain Management in the Elderly
- Osteoarthritis: Diagnosis and Treatment in Older Patients
- Depression in Elderly Chinese Patients
- Dementia and Delirium in the Elderly
- Falls Risk Management and Gait Assessment

*For detailed objectives please visit: www.camasc.org

PURPOSE

The purpose of this activity is to narrow the existing practice gaps in the identified topics of geriatric medicine by addressing cultural and ethnic-specific health disparities and new scientific knowledge to improve patient care. This activity is expected to result in increased competence and better performance in making an appropriate diagnosis, providing effective treatment and referral or follow-up care, with the overall goal of improving outcomes for elderly patients.

TARGET AUDIENCE

This educational activity is designed for physicians and other healthcare providers whose patient population consists of 25% or more patients at least 65 years of age and those who provide health care to or are interested in the healthcare of the Chinese/Asian American community.

LOCATION OF VENUE

The Westin Pasadena

191 North Los Robles Avenue
Pasadena, CA 91101
(626) 792-2727

HOTEL PARKING

Self-parking: Free with validation
Valet Parking: \$9 with validation

ACCREDITATION

The Chinese American Medical Association of Southern California (CAMASC) is accredited by the Institute for Medical Quality/California Medical Association (IMQ/CMA) to provide continuing medical education for physicians. CAMASC takes responsibility for the content, quality and scientific integrity of this CME activity.

CREDIT DESIGNATION

CAMASC designates this educational activity for a maximum of 5 *AMA PRA Category 1 Credit(s)*TM. Physicians should only claim credit commensurate with the extent of their participation in the activity. This credit may also be applied to the CMA Certification in Continuing Medical Education.

EDUCATIONAL METHODS

The activity will consist of five (5) live lectures, presented by distinguished faculty to facilitate the different educational needs of a diverse audience. The activity will employ a combination of educational methods, including live didactic lectures, case studies, and interactive techniques such as group discussions, pre-/post-tests, question/answer sessions, post-activity evaluations, and 3-month follow-up evaluations.

All attendees will be asked to complete the post-activity evaluations online in order to receive certificates of CME credit.

ABOUT CAMASC

The Chinese American Medical Association of Southern California (CAMASC) is a 501(c)(6) non-profit medical professional association that is also a Continuing Medical Education (CME) provider accredited by the Institute for Medical Quality/California Medical Association (IMQ/CMA).

CAMASC's objectives are:

- To provide quality CME activities to physicians who primarily serve the Chinese American population in Southern California.
- To promote health awareness to the Chinese American community through Community Health Education and related activities.
- To support medical research of diseases that primarily affect members of the Asian American community.

CAMASC is a member of the Federation of Chinese American and Chinese Canadian Medical Societies (FCMS). For more information visit: www.fcmsdocs.org.

CAMASC MEMBERSHIP*

If you are a CA licensed physician in clinical practice, physician-in-training or medical student in the Southern California region and are interested in the medical care of Chinese/Asian Americans you are encouraged to apply for membership at www.camasc.org

CAMASC members enjoy many benefits such as the following:

- Invitations to attend a minimum of five CAMASC-sponsored CME activities at no cost or discounted rate
- Opportunities to network with other healthcare professionals locally & nationally
- Participation in health fairs and health education programs locally and nationally
- Participation in medical research locally and nationally
- Invitations to other CAMASC events at no cost or a discounted rate

*Membership details are subject to change.
